SPZ-15 induction heater

- (1) Model: SPZ-15 MF generator
- (2) Maximum input power: 15KW
- (3) Output frequency: 1—20KHZ
- (4) Output current: 3~22A
- (5) Output voltage: 70~520V
- (6) Input: 380V three phases 50 or 60HZ
- (7) Duty cycle: 100%
- (8) Heating, retaining and time: 1—99 sec.
- (9) Cooling water desire: $\geq 0.2\text{MPa}$ $\geq 3\text{ L/min}$
- (10) Weight of generator: 26KG
- (11) Size of generator(cm):46L×27W×45H

Keyword: induction heater, medium frequency brazing machine, medium frequency melting machine,

water chiller

Working voltage	AC 220V/50Hz
Capacity	840w
Current	3.5-5.6A
Temperature accuracy	+/- 0.3℃
Max. Pump head	10 meters
Pipe connectors	Φ 10mm brass connector 8mm I.D polyurethane tube is included
Water flow rate	16liters/minute
Water tank	6 Liters stainless steel made of St D.I.Water or distilled water
Protection	Protected from over-flow alarm and over temperature
Overall dimension	550*280*430mm
